FROM THE ADMINISTRATOR

Dear Friends,

HOPE Academy East Campus staff is passionate about serving all children in grades kindergarten through eighth grade. Each day students arrive with open minds and hearts eager to learn more about themselves, the world, and beyond. Our rigorous curriculum challenges students and actively engages them in the learning process.

Over the last two years our test scores have improved and continue to improve due to the dedication of the faculty and staff, the drive of administration, and the hard work of all of our students. The HOPE Academy East Campus staff are continually improving instruction through professional development, mastering effective instruction techniques and managing classrooms where all children can learn.

Thank you for your time,
Leon Rallings, Administrator
