

2008-2009 ANNUAL

PROGRESS REPORT

HOPE ACADEMY LINCOLN PARK CAMPUS

FROM THE BOARD

The Board of Directors for HOPE Academy Lincoln Park Campus is dedicated to the goal of delivering quality education for every student who attends our school. We strive constantly to ensure that qualified teachers, state-aligned curriculum; and state-of-the-art learning systems are being provided to all students each school day. The management company we have hired to operate the school provides a variety of support services and works diligently to employ effective ways to teach every child who comes to HOPE Academy Lincoln Park; regardless of his or her circumstance.

As you are probably aware, the school's 2008/2009 School Year Report Card indicates that HOPE Lincoln Park is in Academic Watch. While the school did exceed Value-Added criteria overall, more must be done to achieve better results. The Board, the teaching staff, and school management will continue to seek ways to enhance the school's effectiveness in teaching our students.

Actively involved parents are also critical to a child's education, and go a long way towards assuring student success. Learning is a process that requires the development of learning skills, good study habits, and practice. We urge you to do continue to do all that you can to help your children succeed in building a strong educational foundation that will help to prepare them for the many challenges, and opportunities, they will face throughout their lives.

Every student attending HOPE Academy Lincoln Park Campus is positive, prepared, productive, and polite. We stand together as a community, realizing the importance of our children's education. Our students experience a safe and clean learning environment as well as caring and nurturing support from our staff, which allows them to focus on academics, achievement, and character development that will equip them for success in their future endeavors.
